Dear National Director,

I was very glad to receive a subsidy for my work with children as Christian Education Coordinator for the diocese of Lae. Your donation of US\$2,400 gave us Kina 6,075.95. Thank you for this great contribution.

With the help of some volunteers, we give religious education in many schools of our Catholic Agency as well as in Government schools. We provide students with religious material like children bibles, booklets, pictures, posters and rosaries. The subsidy is very welcome for these needs.

With an other religious Sister, we conducts three in-services for Sunday School teachers. We have also to visit the parishes in remote areas who have Sunday Schools.

At the end of the year we organize an "Get Together Day for children from the city of Lae.

Needless to say that I am very grateful for your help.

Yours in Jesus and Mary,

Sr. Majella Kava FMI
