Dear Director,

I would like to acknowledge the contribution of the faithful of Switzerland to our projects in our diocese of Lae, Papua New Guinea.

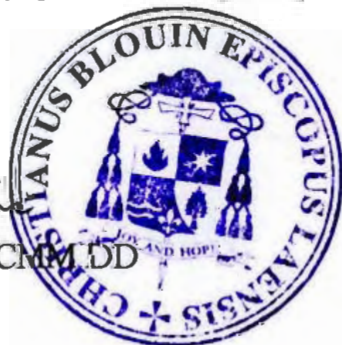

Mainly it was for the acquisition of Audiovisual Material for our Catholic Radio Fm 103.7, Lae City. The project is not completed yet. With the money available the radio team will be able to carry on the project at the beginning of 2008.

The second project that is nearly completed is the new church dedicated to St. Therese in Omili, Lae. For many months the community held their services in a classroom in order to get the community together and organize the LKK'S or Small Christian Communities. Now they will be able to move in the large church.

I would like to express my gratitude for your generous contribution towards the diocese of Lae.

Yours respectfully,

Bishop Christian Blouin C.M.M.D.D
